ASN ALL-STATES RECORDBOOK

The recordbook is the best tool a notary can use for protection against claims of impropriety or malpractice. You may also hear the recordbook called a notary journal, log, or register. The ASN All-States Recordbook of Notarial Acts is an essential tool that allows you to document every notarial act you perform.

Although some states do not require use of a recordbook, ASN recommends that every notary use a recordbook to minimize exposure to liability and to keep track of every notarial service performed.

ASN ALL-STATES RECORDBOOK OF NOTARIAL ACTS

The recordbook offers 96 pages with 282 separate entries. Allows the option of recording three notarizations per entry, for multiple signings with the same signer. Also contains a space for a thumbprint. —#RBK-350
